

## AMERICAN REVOLUTIONARY UNIFORMS

**NECK:** Measure around the neck just above the shoulders.

**SLEEVE:** With arm relaxed at side and slightly bent, measure from center back neck, over point of shoulder, down the outside of the arm to desired sleeve length. (The above two measurements should be the sleeve measurement of a store dress shirt you currently buy. i.e., 16 -35)

**CHEST:** Measure just under the arms and across shoulder blades with arms relaxed at the side. Be sure to keep the tape level.

**WAIST:** Measure around the waist at your normal waistband. For Vest, please write in stomach measurement on the order form also.

**INSEAMS:** For breeches: While wearing a pair of comfortably fitting pants, put a pin at the point 1" down from bottom of knee cap. Measure the pants at side seam from waist to chair. (=Seated crotch measurement) Stand up. Extend line from first pin to inseam and mark with another pin. Measure from inseam pin up to CROTCH SEAM (where seams join) Not up to your body. Record inseam measurement on form.

Circumference of leg: While standing measure on inseam from crotch seam down, and put pins on inseam at 5", 8" and 14". Measure the circumference of your leg at 5", 8" and 14". Record on form.

For long trousers: Measure from crotch seam to desired length at ankle. Also use instructions for circumference of leg at 5", 8" and 14".

**RISE:** Measure same comfortably fitting PANTS (not your body), from top of waistband to crotch seam in front, and from crotch seam to top of waistband in back. Record front and back measurements separately on form.

Also, while wearing shoes, measure from Waistband to FLOOR at 1) center front, 2) sideseam and 3) center back. Record on form.
